

IMPORTANT NOTICE 26/06/26

**Remedial Concrete Repairs continue in
June, July - August and possibly part of September 2026, on car park levels P7, P6, P5
and in the northern Fire Stair between R4 and Ground Floor:**

In addition to the Owners Corporation's car park repairs, some MNB lot owners will choose to carry out noisy apartment renovations as they take advantage of the permissible "noisy works" winter session in accordance with the Lot Owner Works By-law.

I will work to continuously update this document to ensure MNB occupiers are aware of the noisy works happening in the building. The table below shows what we know so far.

DATE	WHERE	WHAT
01/07/26	P5 Car Park	Concrete floor repairs, very noisy work involving jack hammer demolition
01/07/26	Unit 607	Bathroom renovation, very noisy work involving jack hammer demolition
08/07/26	P5 Car Park	Concrete floor repairs, very noisy work involving jack hammer demolition
15/07/26	P5 Car Park	Concrete floor repairs, very noisy work involving jack hammer demolition
