

IMPORTANT NOTICE 08/09/26

Remedial Concrete Repairs continue in September 2026, on car park levels P7, P6 and in the northern Fire Stair between R4 and Ground Floor:

Additional to the Owners Corporations car park repairs, some MNB lot owners will choose to carry out noisy apartment renovations as they take advantage of the permissible “noisy works” winter session in accordance with the Lot Owner Works By-law.

I will work to continuously update this document to ensure MNB occupiers are aware of the noisy works happening in the building. The table below shows what we know so far.

DATE	WHERE	WHAT
09/09/26	914 bathroom	Minor works with small jack hammer to chase new plumbing work into brick work
09/09/26	P6 Car Park and northern fire stairs	Concrete floor repairs, very noisy work involving jack hammer demolition
10/09/26	914 bathroom	Minor works with small grinding machine
16/09/26	P6 Car Park and northern fire stairs	Concrete floor repairs, very noisy work involving jack hammer demolition
23/09/26	P6 Car Park and northern fire stairs	Concrete floor repairs, very noisy work involving jack hammer demolition
September	Lift number 1 and 3	Intermittent demolition works to remove old lift and widen doors
October	Lift number 1 and 3	Intermittent demolition works to remove old lift and widen doors
